

THE STORY OF DOLLARS
How to earn and use them is told in the AMERICAN WANT columns; don't fail to read it.

THE AMERICAN

==PRESIDENT ROOSEVELT

Democrats at Buffalo to Nominate FIRST BALLOT

Convention Meets Only to Adjourn Until 2.30 to Await Committee's Report.

By Boston American Lead Wire. BUFFALO, N. Y., Sept. 26.—It is expected by all that William Randolph Hearst will be nominated for Governor on the first ballot today by the Democratic State convention, which was called to order at 11.37 this morning and immediately adjourned until 2.30 on account of the fact that the committee on contested seats was not yet ready to report. Before the convention William J. Cullen said:

"There is no state," added Mr. Cullen, "you can state that most emphatically."

Nixon as Chairman.

Levi Nixon has been selected as the permanent chairman. So far as can be learned, the platform as adopted by the committee on platform and resolutions is almost identical with the platform of the Independence League upon which William S. Hearst was nominated on September 14.

It is known that a plank favoring the election of United States Senators by the people, over advocating municipal and public ownership of public utilities, and the reading almost identical with the Independence League platform has been adopted.

A tradition of sympathy with the persecuted Jews in Russia has also been presented to the committee. Jerome and his allies will make up the majority on the floor of the convention. William Hearst will make a speech before the convention.

Jerome May Boit. Jerome threatens a bolt if his demands are not carried out. His following is very small, and scant attention is paid to him. The convention is expected to be adjourned in the early part of the morning.

William S. Hearst. William S. Hearst, who is in Buffalo, is expected to be nominated for Governor on the first ballot today by the Democratic State convention, which was called to order at 11.37 this morning and immediately adjourned until 2.30 on account of the fact that the committee on contested seats was not yet ready to report.

MORGAN HAS GREAT LEAD IN DELEGATES

ALMOST CLEAN SWEEP IN PRIMARIES FOR THE DISTRICT ATTORNEY.

John B. Morgan, District Attorney of Suffolk County, will be nominated for Governor in the Democratic State convention by an overwhelming majority. This is shown by the results of the caucuses in Massachusetts. He is also the Prohibitionist.

"The opposition to Morgan showed pitiable weakness in Boston and no strength of any consequence outside of it."

Morgan was nominated for Governor to the Independence League last Saturday night at Faneuil Hall at one of the most enthusiastic conventions ever known in Massachusetts. His chance for election is limited to be good, even by the Republican.

Warning from Oyster Bay to Headquarters Today That Troops May Be Ordered to Sail at Any Moment—Six Thousand Men With Munitions of War Prepared to Embark Immediately.

WASHINGTON, Sept. 26.—Orders were received by the War Department to-day from the President at Oyster Bay to have the army ready to go to Cuba on the shortest possible notice.

The invasion of Cuba by the United States troops, as well as naval forces, is now practically assured. Orders were prepared by the War Department last night covering all details for the possible movement of troops.

Special arrangements were made to-day with the telegraph companies for the quick handling of messages to the various organizations selected for the Cuban service.

As soon as President Roosevelt gives the word orders to move will be given their troops and within an hour's time 6,000 men will be on their way to the points of embarkation.

Warned to Be Ready
What is known in military parlance as "precautionary orders" were sent out some days ago for the troops to be prepared for instant departure.

Under these orders all leaves of officers and men from their posts have been ended, and thorough preparation has been made to get under way forthwith upon receipt of the department's "flash" to move.

The points of embarkation have not yet been announced by the department, but it is regarded as practically certain that the bulk of the troops will sail from New York and Norfolk. Some will go from Southern ports. The movement from the various ports will be so timed as to land the first corps at Havana simultaneously, or nearly so.

Coincidental with the embarkation of troops, supplies of all kinds, clothing, rations, ammunition, horse and mule will be taken aboard the vessels from the army depot, where they have been accumulated in large quantities in the past two weeks.

No hint has yet been given to the particular regiments assigned for Cuban duty. It is the mission of the department to keep this feature secret until the battle orders to move shall have been issued. From the fact that the transport harbor at New York was placed in commission last night, it is assumed that hundreds of troops will be drawn from the fort in the neighborhood of that city.

TO CHARTER SHIPS.
This being the only available transport for the Cuban army, the United States navy has been ordered to charter a number of ships to be used for the purpose of carrying the troops to Cuba. It is possible that the navy will charter a number of ships to be used for the purpose of carrying the troops to Cuba.

AMBASSADOR TOWER HOME.
NEW YORK, Sept. 26.—Charles T. Tower, U. S. Ambassador to Germany, arrived yesterday on the steamer Kronprinz Wilhelm.

NABEL CHILDS TESTIFIES IN "DR." SINCLAIR'S THIRD TRIAL

Friend of Dead Girl Called by the Prosecution in "Death Den" Case.

Mabel Childs, the infant's friend of Annie M. Russell, whose death from an illegal operation in one of Boston's death dens was the subject of the trial, testified today in the third trial of Dr. John Sinclair, a friend of Sinclair, having been brought into the case by the prosecution. The girl, who is charged with having performed the operation that caused Miss Russell's death.

This is his third trial. At the first trial, the jury disagreed. At the second trial, the jury was discharged. Dr. Sinclair, a friend of Sinclair, having been brought into the case by the prosecution. The girl, who is charged with having performed the operation that caused Miss Russell's death.

There was a sister in the courtroom when the name of Mabel Childs was called. An attractive young woman, about twenty years of age, arose from the side of the court and testified. She was dressed in a simple, light-colored dress. She testified that she had known Mabel Childs for some time. She testified that she had seen Mabel Childs on the day of the operation. She testified that she had seen Mabel Childs on the day of the operation.

Spoke in Low Tone.

To the prosecutor's questions she replied in tones so low that several times Judge Reed had to request her to speak louder.

Miss Childs testified that until about six months ago she lived in a room rented from a Mrs. Russell on Harvard street, near Oxford terrace, Back Bay, Boston.

Knew Girl Eight Years.

Q—How long did you know Annie M. Russell? A—About eight years. We are friends together.

Q—Did you see her on Sunday, February 1st? A—No.

Q—Where you at her home when she asked her things to go away? A—No, she had the Saturday night when she went away. She then told me she was going the following day.

Q—Did you see her when you saw her the following day? A—At my room.

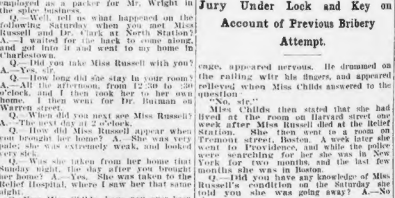

Q—Was anyone in the room besides you two? A—No.

Q—Did you see her any time that following week? A—No.

Q—Did you accompany her to Pleasant street? A—No.

DR. SINCLAIR AND WITNESSES AT HIS TRIAL

Sketched in Court by Boston American Staff Artist.

Friend of Dead Girl Called by the Prosecution in "Death Den" Case.

Mabel Childs, the infant's friend of Annie M. Russell, whose death from an illegal operation in one of Boston's death dens was the subject of the trial, testified today in the third trial of Dr. John Sinclair, a friend of Sinclair, having been brought into the case by the prosecution. The girl, who is charged with having performed the operation that caused Miss Russell's death.

LETTERS, WIVES SCORES; WIVES BUY PISTOLS

Perfumed Epistle, All a Hoax,
Raises Ructions in
Town.

AGENT NOW EXPLAINS

MIDDLEBORO, N. Y., Sept. 25.—Scores of men, many of them married, yesterday received a note, delicately written in a woman's hand on perfumed paper, telling them that their wives had been unfaithful to them. The notes, which were signed "Mother-in-Law," were sent to the homes of the men by a woman who had been hired by a man to do so. The man, who was now in the town, was now explaining the situation.

Today three wives contacted their husbands, another went "home to mama." Her physician is treating a husband of a husband for hysteria. The women bought pistols. The notes, which were signed "Mother-in-Law," were sent to the homes of the men by a woman who had been hired by a man to do so. The man, who was now in the town, was now explaining the situation.

STILL ANOTHER SHOPPER IDENTIFIES HER PICTURE

Just a Week After Photo Is
Printed, But He Wins
the Prize.

I took a whole week to locate the original of the little shopping picture printed last Wednesday. Perhaps the repetition of the suspect Monday added to the excitement of the photo. At any rate, it was identified yesterday.

The lucky shopper this time is Miss E. Maule Walsh of No. 57 Sherman street, Roxbury. She received the award of \$25 which is offered daily. She also carried away an enlargement of the photo as a souvenir of her luckiest shopping expedition.

The camera man takes one of these snapshots of shoppers every day about noon, in the vicinity of stores patronized by Mrs. N. A. Miller, a resident. When he catches the picture, he sends it to the store to be identified.

CHINESE IN PURSUIT OF 33 CHINAMEN

Boston Yacht With Fugitives
Leads a Hot Chase on
the Sea.

TRY TO LAND ILLEGALLY

Two governments today are striving to capture the schooner yacht *Foote* of Boston, on board of which are thirty-three Chinese seeking illegal admission into the United States. From the north the Canadian authorities are hot in the wake of the little craft, while from the south the United States revenue cutters are also in the chase. The *Foote* has thus far evaded capture. In addition to the chase on water the U. S. authorities on the eastern New England coast are keeping a sharp lookout for the little craft. It is the belief here that the *Foote* is the only boat ever made by the immigration officers in these waters.

It is believed that an attempt will be made to land the Chinamen in this country in violation of law. For ten days all the energies of the immigration department have been turned toward the capture of this craft. The yacht must land, it is believed, on the New England coast. That it can do so without being detected the immigration men do not believe. That for, however, the *Foote* has had the best of the game.

Only two months ago twenty-five Chinamen were landed near Marblehead. With the spots of that effort, the men in charge of the *Foote* are now in the hands of the immigration officers.

The *Foote* is a small sailing boat, built in the United States. It is now in the hands of the immigration officers. The *Foote* is a small sailing boat, built in the United States. It is now in the hands of the immigration officers.
